

# 10 Prayer Prompts for Small Groups

Simple ways to pray together that build community and faith

---

Share one thing you're grateful for from this past week, then pray thanking God for it together.

Name someone in your life who needs encouragement, and pray for God to show them love through others.

Think of a challenge you're facing. Pray for wisdom and peace, and ask the group to agree in prayer.

Pray for your church: the pastors, ministries, and upcoming events or decisions.

Ask God to help each person in your group love their family members well this week.

Pray for your community: local schools, businesses, government leaders, and neighbors.

Share a Bible verse that's been meaningful to you lately, then pray it over the group.

Pray for people in your group who are making difficult decisions or facing major changes.

Ask God to show each person how they can serve others in small, practical ways this week.

Close by praying the Lord's Prayer together, pausing to reflect on each petition.
